Index to volume 51, 1983

A

Aas, Kjell: The critical approach to food allergy. (Milan symposium) 256

Acquired immune deficiency syndrome: an update and interpretation. (special review article) Carolyn B Daul and Richard Deshazo. 351

Acupuncture in the treatment of bronchial asthma, Pneumothorax as a complication of. (a communication from Israel) G Bodner, M Topilsky and J Greif. 401

Additives, Intolerance to. (Milan symposium) Cecil Collins-Williams. 315

Administration of metered-dose inhalers: comparison of open- and closed-mouth techniques in childhood asthmatics. Jane C Unzeitig, Warren Richards and Joseph A Church. 571

Adults, Dietary and pharmacologic management of food intolerance in. (Milan symposium) Carlo Zanussi, Claudio Ortolani and Elide Pastorello. 307

Aerosols in the treatment of asthma, Terbutaline sulfate and isoproterenol sulfate metered dose. James P Kemp, H Alice Orgel, Eli O Meltzer and Michael J Welch. 436

Airborne fungi-a resurvey. George H Meyer, Momer E Prince and Warren J Raymer, 26

Aiuiti, F and R Paganelli: Food allergy and gastrointestinal diseases. (Milan symposium) 275

Allergens in hymenoptera venoms. X. Vespid venoms versus venom sac extracts: comparison by two-dimensional polyacrylamide gel electrophoresis. Catherine L Wood, Benson E Timmons IV and Donald R Hoffman. 441

Allergies and allergy treatment to school performance and student behavior, The relationship of. James McLoughlin, Michael Nall, Barbara Isaacs, Joseph Petrosko, John Karibo and Betty Lindsey. 506

Allergy abstracts from around the world. 58, 205, 404, 462, 552, 596

American College of Allergists, Report from the chairman of the liaison committee of all regional, state and local allergy societies of the. Albert V Giampoli. 483

Anaphylactic reactions in peptic ulcer and varioliform gastritis, Evidence for. (Milan symposium) Claude Andre, Bruno Moulinier, Francoise Andre and Simone Daniere. 325

Anderson, J A, L J F Youlten and M H Lessof: Prostaglandins in the pathogenesis of food intolerance. (Milan Symposium) 249

Andrade, W Pierre, Ronald L Renard and Harold S Nelson: The effect of troleandomycin and methylprednisolone alone and in combination on bronchial sensitivity to methacholine. 515

Andre, Claude, Bruno Moulinier, Francoise Andre and Simone Daniere: Evidence for anaphylactic reactions in peptic ulcer and varioliform gastritis. (Milan symposium) 325

Andre, Francoise, Simone Daniere, Claude Andre and Bruno Moulinier: Evidence for anaphylactic reactions in peptic ulcer and varioliform gastritis. (Milan symposium) 325

Angioedema and multiple myeloma. (clinical allergy-immunology rounds) Eve H Gordon, Gildon N Beall and William B Klaustermeyer. 149

Animal dander, urine, saliva and serum, RAST with. (a communication from The Netherlands) L Berrens, A G van Dijk, A Bolle-bakker-Baars and M Huizinga. 543

Antibody responses in a patient with Down's syndrome, pulmonary hemosiderosis and cor pulmonale, Increased IgD milk. (case report) Stanley Galant, Eliezer Nussbaum, Richard Wittner, Alain L DeWeck and Douglas C Heiner. 446

Antigen handling at mucosal surfaces in health and disease: human and experimental studies, Intestinal. (Milan symposium) M C Reinhardt, R Paganelli and R J Levinsky. 311

Antiglobulin: IgG anti-IgE. Occurrence and specificity, An. (Milan Symposium) Claudio Carini and Jonathan Brostoff. 251

Anti-IgE. Occurrence and specificity, An antiglobulin: IgG. (Milan Symposium) Claudio Carini and Jonathan Brostoff. 251

Asthma and sports. Roger M Katz. 153

Asthma, Duration of exercise in the provocation of exercise-induced. (a communication from Australia) Alan R Morton, Steven R Lawrence, Kenneth D Fitch and Allan G. Hahn. 530

Asthma, Terbutaline sulfate and isoproterenol sulfate (metered dose aerosols) in the treatment of. James P Kemp, H Alice Orgel, Eli O Meltzer and Michael J Welch. 436

Atopen and allergenic extract standardization aspects October 1982, London, England, Report on the XI International Congress of Allergology and Clinical Immunology on. William C Grater. 482

Atopic allergic disease, Prevention of. (Milan Symposium) J F Soothill. 229

Atopic conditions in the tropics, Diagnosis of. (a communication from Venezuela) Neil R Lynch, Maria Cristina Di Prisco-Fuenmayor and Jose M Soto. 547

Atopic dermatitis in an infant complicated by generalized verrucae vulgares. (case report) Bernard L Lipman. 33

Atopic disease in "at-risk newborns" by prolonged breast-feeding, Prevention of. (Milan symposium) L Businco, F Marchetti, G Pellegrini, A Cantani and R Perlini. 296

INDEX TO VOLUME 51, 1983

Atopy, Predictive value of cord serum IgE determination in the development of "early-onset". (Milan symposium) Jean Bousquet, Jean-Luc Menardo, Jean-Louis Viala and Francois-Bernard Michel. 291

Atopy in steroid-responsive nephrotic syndrome: clinical and immunological parameters, The incidence of. (a communication from Singapore) H K Yap, W C L Yip, B W Lee, T F Ho, J Teo, S E Aw and J S H Tay. 590

Autonomic nervous system in allergic diseases, The role of the. Thomas B Casale. 423

Aw, S E, J S H Tay, H K Yap, W C L Yip, B W Lee, T F Ho and J Teo: The incidence of atopy in steroid-responsive nephrotic syndrome: clinical and immunological parameters. (a communication from Singapore) 590

B

Bahna, Sami L and Clifton T Furukawa: Food allergy: diagnosis and treatment. 574

Baklien, Kare, Olav Fausa, Johan Ek, Helge Scott, Per Brandtzaeg and Erik Thorsby: Mucosal and systemic immune response patterns in celiac disease. (Milan Symposium) 233

Bataille, Anne, Guy Restagny, Francois-Bernard Michel, Jean Luc Menardo and Jean Bousquet: Effects of diluents on skin tests. (a communication from France) 535

Beall, Gildon N, William B Klaustermeyer and Eve H Gordon: Angioedema and multiple myeloma. (clinical allergy-immunology rounds) 149

Behavior, The relationship of allergies and allergy treatment to school performance and student. James McLoughlin, Michael Nall, Barbara Isaacs, Jospeh Petrosko, John Karibo and Betty Lindsey. 506

Benincori, N, R Perlini, R Infussi, M De Angelis, E Businco, L Businco and A Cantani: Effectiveness of oral sodium cromoglycate (SCG) in preventing food allergy in children. (a communication from Italy) 47

Berrens, L, A G van Dijk, A Bollebakker-Baars and M Huizinga: RAST with animal dander, urine, saliva and serum. (a communication from The Netherlands) 543

Berscheid, B A and D W Cockcroft: Measurement of responsiveness to inhaled histamine: comparison of FEV_1 and SGaw. 374

Bianchini, C, A Miadonna, A Tedeschi, E Leggieri, M Cottini and M Restuccia: Effect of verapamil on allergen-induced asthma in patients with respiratory allergy. (a communication from Italy) 201

Bierman, Warren C and Susan G Marshall: Case review: eleven-year-old female with cough, progressive dyspnea and profound weight loss. (clinical allergy-immunology rounds) 421

Bloch, Kurt J and W Allan Walker: Gastrointestinal transport of macromolecules in the pathogenesis of food allergy. (Milan Symposium) 240

Bodner, G, M Topilsky and J Greif: Pneumothorax as a complication of acupuncture in the treatment of bronchial asthma. (a communication from Israel) 401

Bollebakker-Baars, A, M Huizinga, L Berrens and A G van Dijk: RAST with animal dander, urine, saliva and serum. (a communication from The Netherlands) 543

Bousquet, Jean, Anne Bataille, Guy Restagny, Francois-Bernard Michel and Jean Luc Menardo: Effects of diluents on skin tests. (a communication from France) 535

Bousquet, Jean, Jean-Luc Menardo, Jean-Louis Viala and Francois-Bernard Michel: Predictive value of cord serum IgE determination in the development of "early-onset" stopy. (Milan symposium) 291

Brand tzaeg, Per, Erik Thorsby, Kare Baklien, Olav Fausa, Johan Ek and Helge Scott: Mucosal and systemic immune response patterns in celiac disease. (Milan Symposium) 233

Breast-feeding, Prevention of atopic disease in "at-risk newborns" by prolonged. (Milan symposium) L Businco, F Marchetti, G Pellegrini, A Cantani and R Perlini. 296

Breast milk: recognition, management and significance, Sensitization to substances in. (Milan symposium) John W Gerrard and Mehdi Shenassa. 300

Breneman, J C: Overview of food allergy: historical perspective. (Milan Symposium) 220

Bronchial asthma, Pneumothorax as a complication of acupuncture in the treatment of. (a communication from Israel) G Bodner, M Topilsky and J Greif. 401

Bronchial asthma, Relation between positive small air ions, weather fronts and pulmonary function in patients with. Charles J Wagner, Richard E Danziger and Harold S Nelson. 430

Bronchial asthma, The effect of positive and negative air ions on. Brian S Dantzler, Bruce G Martin and Harold S Nelson. 362

Bronchial challenge testing in office and hospital practice, Pulmonary function and. Gerd J A Cropp. 13

Bronchopulmonary disease in the workplace. Challenge testing with occupational agents. David J Hendrick. 179

Brostoff, Jonathan and Claudio Carini: An antiglobulin: IgG anti-IgE. Occurrence and specificity. (Milan Symposium) 251

Brunner, Elliot, Zack H Haddad, Martha Vetter, Jack Friedmann and Carmen Sainz: Detection and kinetics of antigen-specific IgE and IgG immune complexes in food allergy. (Milan symposium) 255

Businco, E, L Businco, A Cantani, N Benin-cori, R Perlini, R Infussi and M De Angelis: Effectiveness of oral sodium cronoglycate (SCG) in preventing food allergy in children. (a communication from Italy) 47

INDEX TO VOLUME 51, 1983

Businco, L, A Cantani, N Benincori, R Perlini, R Infussi, M De Angelsi and E Businco: Effectiveness of oral sodium cromoglycate (SCG) in preventing food allergy in children. (a communication from Italy) 47

Businco, L, F Marchetti, G Pellegrini, A Cantani and R Perlini: Prevention of atopic disease in "at-risk newborns" by prolonged breast-feeding. (Milan symposium) 296

C

Cantani, A, N Benincori, R Perlini, R Infussi, M De Angelis, E Businco and L Businco: Effectiveness of oral sodium cromoglycate (SCG) in preventing food allergy in children. (a communication from Italy) 47

Cantani, A, R Perlini, L Businco, F Marchetti and G Pellegrini: Prevention of atopic disease in "at-risk newborns" by prolonged breast-feeding. (Milan symposium) 296

Carini, Claudio and Jonathan Brostoff: An antiglobulin: IgG anti-IgE. Occurrence and specificity. (Milan Symposium) 251

Carswell, F, Jean Clark, Pat Robinson and T A E Platts-Mills: The dose of house dust mite antigen (P_1) inhaled by infants aged one month. (a communication from England) 539

Casale, Thomas B: The role of the autonomic nervous system in allergic diseases. 423

Casale, Thomas B and Zvi Marom: Mast cells and asthma. The role of mast cell mediators in the pathogenesis of allergic asthma. (a review) 2

Case review: eleven-year-old female with cough, progressive dyspnea and profound weight loss. (clinical allergy-immunology rounds) Susan G Marshall and C Warren Bierman. 421

Celiac disease, Mucosal and systemic immune response patterns in. (Milan Symposium) Helge Scott, Per Brandtzaeg, Erik Thorsby, Kare Baklien, Olav Fausa and Johan Ek. 233

Challenge testing in office and hospital practice, Pulmonary function and bronchial. Gerd J A Cropp. 13

Challenges and serum RAST, The diagnostic approach to immediate hypersensitivity in patients with allergic rhinitis; a comparison of nasal. (a communication from The Netherlands) Z Pelikan. 395

Chamber assisted inhalant treatment (CAIR). Russell I Williams Jr. 371

Childhood asthmatics, Administration of metered-dose inhalers: comparison of open- and closed-mouth techniques in. Jane C Unzeitig, Warren Richards and Joseph A Church. 571

Childhood: natural course and etiology, Chronic urticaria in. Alan Harris, Frank J Twarog and Raif S Geha. 161

Children, Effectiveness of oral sodium cromoglycate (SCG) in preventing food allergy in. (a communication from Italy) L Businco, A Cantani, N Benincori, R Perlini, R Infussi, M De Angelis and E Businco. 47

Children, Flunisolide aerosol in treatment of Steroid-dependent asthma in children. H Alice Orgel, Eli O Meltzer and James P Kemp. 21

Chronic urticaria in childhood: natural course and etiology. Alan Harris, Frank J Twarog and Raif S Geha. 161

Church, Joseph A, Jane C Unzeitig and Warren Richards: Administration of metered-dose inhalers: comparison of open- and closed-mouth techniques in childhood asthmatics. 571

Clark, Jean, Pat Robinson, T A E Platts-Mills and F Carswell: The dose of house dust mite antigen (P_1) inhaled by infants aged one month. (a communication from England) 539

Cockcroft, D W and B A Berscheid: Measurement of responsiveness to inhaled histamine: comparison of FEV_1 and SGaw. 374

Coconut: a review of its uses as they relate to the allergic individual. Joseph Harman Fries and Marilyn Wetstone Fries. 472

Collins-Williams, Cecil: Intolerance to additives. (Milan symposium) 315

Compound 48/80 induced mediator release following oral administration of tiaramide hydrochloride in normal subjects, Inhibition of. Gordon L Sussman, John J Petillo, Martin Zisblatt, Robert A Vukovich, Edward S Neiss and Alan Schocket. 367

The 39th Annual Congress of the American College of Allergists. G Frederick Hieber. 69

Cor pulmonale, Increased IgD milk antibody responses in a patient with Down's syndrome, pulmonary hemosiderosis and. (case report) Stanley Galant, Eliezer Nussbaum, Richard Wittner, Alain L De Weck and Douglas C Heiner. 146

Cottini, M, M Restuccia, C Bianchini, A Miadonna, A Tedeschi and E Leggieri: Effect of verapamil on allergen-induced asthma in patients with respiratory allergy. (a communication from Italy) 201

Critical approach to food allergy, The. (Milan symposium) Kjell Aas. 256

Cropp, Gerd J A: Pulmonary function and bronchial challenge testing in office and hospital practice. 13

Culver, William G, Robert L Jacobs and Angelo J Freda: Primary nasal polyposis. 500

Current status of the clinical and immunologic consequences of a prototype allergic disease prevention program. (Milan symposium) Robert N Hamburger, Susan Heller, Michael H Mellon, Richard D O'Connor and Robert S Zeiger. 281

D

Dahl, Mark V: The immunology of scabies. (a review) 560

Dander, urine, saliva and serum. RAST with animal. (a communication from The Netherlands) L Berrens, A G van Dijk, A Bollebakker-Baars and M Huizinga. 543
Daniere, Simone, Claude Andre, Bruno Moulinier and Francoise Andre: Evidence for anaphylactic reactions in peptic ulcer and varioliform gastritis. (Milan symposium) 325
Dannaeus, A: Management of food allergy in infancy. (Milan symposium) 303
Dantzler, Brian S, Bruce G Martin and Harold S Nelson: The effect of positive and negative air ions on bronchial asthma. 362
Danziger, Richard E, Harold S Nelson and Charles J Wagner: Relation between positive small air ions, weather fronts and pulmonary function in patients with bronchial asthma. 430
Darden, Michael D and Shelby H Josephs: Persistent pneumonia in a nine-month-old boy. (clinical allergy-immunology rounds) 11
Daul, Carolyn B and Richard Deshazo: Acquired immune deficiency syndrome: an update and interpretation. (special review article) 351
De Angelis, M, E Businco, L Businco, A Cantani, N Benincori, R Perlini and R Infussi: Effectiveness of oral sodium cromoglycate (SCG) in preventing food allergy in children. (a communication from Italy) 47
Denman, A M, Bruce Mitchell and Barbara M Ansell: Joint complaints and food allergic disorders. (Milan Symposium) 260
Dermographia caused by IgE mediated penicillin allergy. (case report) Joseph A Smith, Lyndon E Mansfield, Arthur Fokakis and Harold S Nelson. 30
Deshazo, Richard D, Arnold I Levinson and Harold F Dvorak: The late phase skin reaction: paradigm or epiphenomena? 166
Deshazo, Richard and Carolyn B Daul: Acquired immune deficiency syndrome: an update and interpretation. (special review article) 351
Detection and kinetics of antigen-specific IGE and IgG immune complexes in food allergy. (Milan Symposium) Zack H Haddad, Martha Vetter, Jack Friedmann, Carmen Sainz and Elliott Brunner. 255
Developmental immune mechanisms in intestinal allergy, The role of. (Milan Symposium) Ronald E Kleinman. 222
DeWeck, Alain L, Douglas C Heiner, Stanley Galant, Eliezer Nussbaum and Richard Wittner: Increased IgD milk antibody responses in a patient with Down's syndrome, pulmonary hemosiderosis and cor pulmonale. (case report) 446
Dietary and pharmacologic management of food intolerance in adults. (Milan symposium) Carlo Zanussi, Claudio Ortolani and Elide Pastorello. 307
Diagnosis of atopic conditions in the tropics. (a communication from Venezuela) Neil R Lynch, Maria Christina Di Prisco-Fuenmayor and Jose M Soto. 547
Diagnostic approach to immediate hypersensitivity in patients with allergic rhinitis; a comparison of nasal challenges and serum RAST, The. (a communication from The Netherlands) Z Pelikan. 395
Diagnostic procedures in allergy. I. Allergy skin testing. (review article) Harold S Nelson. 411
Diagnostic procedures in allergy. II. Bronchial provocation testing. (review article) Harold S Nelson. 488
Diagnostic tests and clinical subsets in systemic lupus erythematosus: update 1983. (review article) Robert A Weiss, Herman S Mogavero Jr, Daniel R Sybkowski and Thomas T Provost. 135
Diluents on skin tests. Effects of. (a communication from France) Jean Luc Menardo, Jean Bousquet, Anne Bataille, Guy Restagny and Francois-Bernard Michel. 535
Di Prisco-Fuenmayor, Maria Cristina, Jose M Soto and Neil R Lynch: Diagnosis of atopic conditions in the tropics. (a communication from Venezuela) 547
Dose of house dust mite antigen (P_1) inhaled by infants aged one month, The. (a communication from England) F Carswell, Jean Clark, Pat Robinson and T A E Platts-Mills. 539
Down's syndrome, pulmonary hemosiderosis and cor pulmonale, Increased IgD milk antibody responses in a patient with. (case report) Stanley Galant, Eliezer Nussbaum, Richard Wittner, Alain L DeWeck and Douglas C Heiner. 446
Duration of exercise in the provocation of exercise-induced asthma. (a communication from Australia) Alan R Morton, Steven R Lawrence, Kenneth D Fitch and Allan G Hahn. 530
Dvorak, Harold F, Richard D Deshazo and Arnold I Levinson: The late phase skin reaction: paradigm or epiphenomena? 166
Dyspnea and profound weight loss, Case review: eleven-year-old female with cough. (clinical allergy-immunology rounds) Susan G Marshall and C Warren Bierman. 421

E

Effect of positive and negative air ions on bronchial asthma, The. Brian S Dantzler, Bruce G Martin and Harold S Nelson. 362
Effect of troleandomycin and methylprednisolone alone and in combination on bronchial sensitivity to methacholine, The. W Pierre Andrade, Ronald L Renard and Harold S Nelson. 515
Effect of verapamil on allergen-induced asthma in patients with respiratory allergy. (a communication from Italy) A Miadonna, A Tedeschi, E Leggieri, M Cottini, M Restuccia and C Bianchini 201

Effects of diluents on skin tests. (a communication from France) Jean Luc Menardo, Jean Bousquet, Anne Bataille, Guy Restagny and Francois-Bernard Michel. 535
Effectiveness of oral sodium cromoglycate (SCG) in preventing food allergy in children. (a communication from Italy) L Businco, A Cantani, N Benincori, R Perlini, R Infussi, M De Angelis and E Businco. 47
Eisenmenger's syndrome complicated by severe pulmonary disease. (clinical allergy-immunology rounds) Idris N Mohammad, Douglas C Heiner and George C Emmanouilides. 497
Ek, Johan, Helge Scott, Per Brandtzaeg, Erik Thorsby, Kare Baklien and Olav Fausa: Mucosal and systemic immune response patterns in celiac disease. (Milan Symposium) 233
Electrophoresis, Allergens in hymemoptera venoms. X. Vespid venoms versus venom sac extracts: comparison by two-dimensional polyacrylamide gel. Catherine L Wood, Benson E Timmons IV and Donald R Hoffman. 441
Emmanouilides, George C, Idris N Mohammad and Douglas C Heiner: Eisenmenger's syndrome complicated by severe pulmonary disease. (clinical allergy-immunology rounds) 497
Eosinophilia, Female patient with rhinitis and. (clinical allergy-immunology rounds) Yvonne Fanous, Harold S Novey, Khing Ong and Sudhir Gupta. 151
Evidence for anaphylactic reactions in peptic ulcer and varioliform gastritis. (Milan symposium) Claude Andre, Bruno Moulinier, Francoise Andre and Simone Daniere. 325
Exercise in the provocation of exercise-induced asthma, Duration of. (a communication from Australia) Alan R Morton, Steven R Lawrence, Kenneth D Fitch and Allan G Hahn. 530
Experimental models for the study of gastrointestinal food allergy. (Milan Symposium) Alan M. Lake. 226
Extract standardization aspects" October 1982, London, England, Report on the XI International Congress of Allergology and Clinical Immunology on "Atopen and allergenic." William C Grater. 482

F

Fanous, Yvonne, Harold S Novey, Khing Ong and Sudhir Gupta: Female patient with rhinitis and eosinophilia. (clinical allergy-immunology rounds) 151
Fausa, Olav, Johan Ek, Helge Scott, Per Brandtzaeg, Erik Thorsby and Kare Baklien: Mucosal and systemic immune response patterns in celiac disease. (Milan Symposium) 233
Female patient with rhinitis and eosinophilia. (clinical allergy-immunology rounds) Yvonne Fanous, Harold S Novey, Khing Ong and Sudhir Gupta. 151
Ferguson, Anne, Allan McI Mowat, Stephan Strobel and Ross StC Barnetson: T-cell mediated immunity in food allergy. (Milan Symposium) 246
FEV_1 and SGaw, Measurement of responsiveness to inhaled histamine: comparison of. D W Cockcroft and B A Berscheidl. 374
Fitch, Kenneth D, Allan G Hahn, Alan R Morton and Steven R Lawrence: Duration of exercise in the provocation of exercise-induced asthma. (a communication from Australia) 530
Flunisolide aerosol in treatment of steroid-dependent asthma in children. M Alice Orgel, Eli O Meltzer and James P Kemp. 21
Food allergy and gastrointestinal diseases. (Milan symposium) F Aiuiti and R Paganelli. 275
Food allergy and respiratory disease. (Milan symposium) D C Heiner. 273
Food allergy and skin diseases. (Milan symposium) Matti Hannuksela. 269
Food allergy, Detection and kinetics of antigen-specific IgE and IgG immune complexes in. (Milan symposium) Zack H Haddad, Martha Vetter, Jack Friedmann, Carmen Sainz and Elliot Brunner. 255
Food allergy: diagnosis and treatment. Sami L Bahna and Clifton T Furukawa. 574
Food allergic disorders, Joint complaints and. (Milan symposium) A M Denman, Bruce Mitchell and Barbara M Ansell. 260
Food allergy, Experimental models for the study of gastrointestinal. (Milan Symposium) Alan M Lake. 226
Food allergy, Gastrointestinal transport of macromolecules in the pathogenesis of. (Milan Symposium) W Allan Walker and Kurt J Bloch. 240
Food allergy: historical perspective, Overview of. (Milan Symposium) J C Breneman. 220
Food allergy in children, Effectiveness of oral sodium cromoglycate (SCG) in preventing. (a communication from Italy) L Businco, A Cantani, N Benincori, R Perlini, R Infussi, M De Angelis and E Businco. 47
Food allergy in infancy, Management of. (Milan symposium) A Dannaeus. 303
Food antigen specific IgE-RAST and immediate reaction skin test. (Milan symposium) M I Sachs. 264
Food allergy, T-cell mediated immunity in. (Milan Symposium) Anne Ferguson, Allan McI Mowat, Stephan Strobel and Ross StC Barnetson. 246
Food allergy, The gastrointestinal mast cell in. Ana Maria Saaverdra-Delgado and Dean D Metcalf. 185
Food intolerance in adults, Dietary and pharmacologic management of. (Milan symposium) Carlo Zanussi, Claudio Ortolani and Elide Pastorello. 307
Food intolerance, Prostaglandins in the pathogenesis of. (Milan Symposium) M H Lessof, J A Anderson and L J F Youlten. 249
Foodstuffs, Immunologic versus toxic adverse reactions to. (Milan symposium) Charles D May. 267

Fokakis, Arthur, Harold S Nelson, Joseph A Smith and Lyndon E Mansfield: Dermographia caused by IgE mediated penicillin allergy. (case report) 30
Freda, Angelo J, William G Culver and Robert L Jacobs: Primary nasal polyposis. 500

I

Ice cube test in patients with idiopathic cold urticaria, Preliminary report on the effects of tiaramide on the. John J Petillo, Robert A Vukovich, Edward S Neiss and Allen P Kaplan. 511
IgD milk antibody responses in a patient with Down's syndrome, pulmonary hemosiderosis and cor pulmonale, Increased. (case report) Stanley Galant, Eliezer Nussbaum, Richard Wittner, Alain L DeWeck and Douglas C Heiner. 446
IgE and IgG immune complexes in food allergy, Detection and kinetics of antigen-specific. (Milan symposium) Zack H Haddad, Marth Vetter, Jack Friedmann, Carmen Sainz and Elliott Brunner. 255
IgE determination in the development of "early-onset" atopy, Predictive value of cord serum. (Milan symposium) Jean Bousquet, Jean-Luc Menardo, Jean-Louis Viala and Francois-Bernard Michel. 291
IgE mediated penicillin allergy. Dermographia caused by. (case report) Joseph A Smith, Lyndon E Mansfield, Arthur Fokakis and Harold S Nelson. 30
IgE-RAST and immediate reaction skin test, Value of food antigen specific. (Milan symposium) M I Sachs. 264
IgG anti-IgE. Occurrence and specificity, An antiglobulin: (Milan Symposium) Claudio Carini and Jonathan Brostoff. 251
IgG immune complexes in food allergy, Detection and kinetics of antigen-specific IgE and. (Milan Symposium) Zack H Haddad, Martha Vetter, Jack Friedmann, Carmen Sainz and Elliot Brunner. 255
Immune mechanisms in intestinal allergy, The role of developmental. (Milan Symposium) Ronald E Kleinman. 222
Immunologic versus toxic adverse reactions to foodstuffs. (Milan symposium) Charles D May. 267
Immunology of scabies, The. (a review) Mark V Dahl. 560
Inazawa, Masahito, Ryuzo Fueki, Setsuo Kobayashi and Tsugio Nakazawa: A new occupational allergy due to frogs. (case report) (a communication from Japan) 392
Incidence of atopy in steroid-responsive nephrotic syndrome: clinical and immunological parameters, The. (a communication from Singapore) H K Yap, W C L Yip, B W Lee, T F Ho, J Teo, S E Aw and J S H Tay. 590
Increased IgD milk antibody responses in a patient with Down's syndrome, pulmonary hemosiderosis and cor pulmonale. (case report) Stanley Galant, Eliezer Nussbaum, Richard Wittner, Alain L DeWeck and Douglas C Heiner. 446
Infancy, Management of food allergy in. (Milan symposium) A Dannaeus. 303
Infants aged one month, The dose of house dust mite antigen (P_1) inhaled by. (a communication from England) F Carswell, Jean Clark, Pat Robinson and T A E Platts-Mills. 539
Infussi, R, M De Angelis, E Businco, L Businco, A Cantani, N Benincori and R Perlini: Effectiveness of oral sodium cromoglycate (SCG) in preventing food allergy in children. (a communication from Italy) 47
Inhalant treatment (CAIR), Chamber assisted. Russell I Williams Jr. 371

Inhalers: comparison of open- and closed-mouth techniques in childhood asthmatics, Administration of metered-dose. Jane C Unzeitig, Warren Richards and Joseph A Church. 571
Inhibition of compound 48/80 induced mediator release following oral administration of tiaramide hydrochloride in normal subjects. Gordon L Sussman, John J Petillo, Martin Zisblatt, Robert A Vukovich, Edward S Neiss and Alan L Schocket. 367
In memoriam. William C Deamer. 595
In memoriam. Joseph W Hampsey. 56
In memoriam. Alexander M Peters. 56
Interstitial pneumonia, A 13-year-old black male with splenomegaly and. (clinical allergy-immunology rounds) Russell W Steele. 569
Intestinal allergy, The role of developmental immune mechanisms in. (Milan Symposium) Ronald E Kleinman. 222
Intestinal antigen handling at mucosal surfaces in health and disease: human and experimental studies. (Milan symposium) M C Reinhardt, R Paganelli and R J Levinsky. 311
Intolerance to additives. (Milan symposium) Cecil Collins-Williams. 315
Ions on bronchial asthma, The effect of positive and negative air. Brian S Dantzler, Bruce G Martin and Harold S Nelson. 362
Ions, weather fronts and pulmonary function in patients with bronchial asthma, Relation between positive small air. Charles J Wagner, Richard E Danziger and Harold S Nelson. 430
Isaacs, Barbara, Joseph Petrosko, John Karibo, Betty Lindsey, James McLoughlin and Michael Nall: The relationship of allergies and allergy treatment to school performance and student behavior. 506
Isoproterenol sulfate (metered dose aerosols) in the treatment of asthma, Terbutaline sulfate and. James P Kemp, H Alice Orgel, Eli O Meltzer and Michael J Welch. 436

J

Jacobs, Robert L, Angelo J Freda and William G. Culver: Primary nasal polyposis. 500
Joint complaints and food allergic disorders. (Milan symposium) A M Denman, Bruce Mitchell and Barbara M Ansell. 260
Josephs, Shelby H and Michael D Darden: Persistent pneumonia in a nine-month-old boy. (clinical allergy-immunology rounds) 11
The Journal Club. 39, 193, 381, 454, 523, 584
Journal Club, The. Cumulative key word index for 1982. 73

K

Kaplan, Allen P, John J Petillo, Robert A Vukovich and Edward S Neiss: Preliminary report on the effects of tiaramide on the ice cube test in patients with idiopathic cold urticaria. 511
Karibo, John, Betty Lindsey, James McLoughlin, Michael Nall, Barbara Isaacs and Joseph Petrosko: The relationship of allergies and allergy treatment to school performance and student behavior. 506
Katz, Roger M: Asthma and sports. 153
Kemp, James P, H Alice Orgel and Eli O Meltzer: Flunisolide aerosol in treatment of steroid-dependent asthma in children. 21
Klaustermeyer, William B, Eve H Gordon and Gildon N Beall: Angioedema and multiple myeloma. (clinical allergy-immunology rounds) 149
Kleinman, Ronald E: The role of developmental immune mechanisms in intestinal allergy. (Milan Symposium) 222
Kobayashi, Setsuo, Tsugio Nakazawa, Masahito Inazawa and Ryuzo Fueki: A new occupational allergy due to frogs. (case report) (a communication from Japan) 392
Kemp, James P, H Alice Orgel, Eli O Meltzer and Michael J Welch: Terbutaline sulfate and isoproterenol sulfate (metered dose aerosols) in the treatment of asthma. 436

Nelson, Harold S, Joseph A Smith, Lyndon E Mansfield and Arthur Fokakis: Dermographia caused by IgE mediated penicillin allergy. (case report) 30
Nephrotic syndrome: clinical and immunological parameters, The incidence of atopy in steroid-responsive. (a communication from Singapore) H K Yap, W C L Yip, B W Lee, T F Ho, J Teo, S E Aw and J S H Tay. 590
Nervous system in allergic diseases, The role of the autonomic. Thomas B Casale. 423
Newborns "by prolonged breast-feeding, Prevention of atopic disease in" at-risk. (Milan symposium) L Businco, F Marchetti, G Pellegrini, A Cantani and R Perlini. 296
New occupational allergy due to frogs, A. (case report) (a communication from Japan) Tsugio Nakazawa, Mashahito Inazawa, Ryuzo Fueki and Setsuo Kobayashi. 392
Novey, Harold S, Khing Ong, Sudhir Gupta and Yvonne Fanous: Female patient with rhinitis and eosinophilia. (clinical allergy-immunology rounds) 151
Nussbaum, Eliezer, Richard Wittner, Alain L DeWeck, Douglas C Heiner and Stanley Galant: Increased IgD rhilk antibody responses in a patient with Down's syndrome, pulmonary hemosiderosis and cor pulmonale. (case report) 446

O

Occupational allergy due to frogs, A new. (case report) (a communication from Japan) Tsugio Nakazawa, Masahito Inazawa, Ryuzo Fueki and Setsuo Kobayashi. 392
O'Connor, Richard D, Robert S Zeiger, Robert N Hamburger, Susan Heller and Michael H Mellon: Current status of the clinical and immunologic consequences of a prototype allergic disease prevention program. (Milan symposium) 281
Ohtsuka, H, K Sakaguchi, T Watase and M Okuda: Nasal histamine sensitivity in allergic rhinitis. (a communication from Japan) 51
Okuda, M, H Ohtsuka, K Sakaguchi and T Watase: Nasal histamine sensitivity in allergic rhinitis. (a communication from Japan) 51
Ong, Khing, Sudhir Gupta, Yvonne Fanous and Harold S Novey: Female patient with rhinitis and eosinophilia. (clinical allergy-immunology rounds) 151

INDEX TO VOLUME 51, 1983

Orget, H Alice, Eli O Meltzer and James P Kemp: Flunisolide aerosol in treatment of steroid-dependent asthma in children. 21

Orgel, H Alice, Eli O Meltzer, Michael J Welch and James P Kemp: Terbutaline sulfate and isoproterenol sulfate (metered dose aerosols) in the treatment of asthma. 436

Ortolani, Claudio, Elide Pastorello and Carlo Zanussi: Dietary and pharmacologic management of food intolerance in adults. (Milan symposium) 307

Overview of food allergy: historical perspective. (Milan symposium) J C Breneman. 220

P

Paganelli, R and F Aiuiti: Food allergy and gastrointestinal diseases. (Milan symposium) 275

Paganelli, R, R J Levinsky and M C Reinhardt: Intestinal antigen handling at mucosal surfaces in health and disease: human and experimental studies. (Milan symposium) 311

Pastorello, Elide, Carol Zanussi and Claudio Ortolani: Dietary and pharmacologic management of food intolerance in adults. (Milan symposium) 307

Pelikan, Z: The diagnostic approach to immediate hypersensitivity in patients with allergic rhinitis; a comparison of nasal challenges and serum RAST. 395

Pellegrini, G, A Cantani, R Perlini, L Businco and F Marchetti: Prevention of atopic disease in "at-risk newborns" by prolonged breast-feeding. (Milan symposium) 296

Penicillin allergy, Dermographia caused by IgE mediated. (case report) Joseph A Smith, Lyndon E Mansfield, Arthur Fokakis and Harold S Nelson. 30

Perlini, R, L Businco, F Marchetti, G Pellegrini and A Cantani: Prevention of atopic disease in "at-risk newborns" by prolonged breast-feeding. (Milan symposium) 296

Perlini, R, R Infussi, M De Angelis, E Businco, L Businco, A Cantani and N Benincori: Effectiveness of oral sodium cromoglycate (SCG) in preventing food allergy in children. (a communciation from Italy) 47

Persistent pneumonia in a nine-month-old boy. (clinical allergy-immunology rounds) Michael D Darden and Shelby H Josephs. 11

Petillo, John J, Robert A Vukovich, Edward S Neiss and Allen P Kaplan: Preliminary report on the effects of tiaramide on the ice cube test in patients with idiopathic cold urticaria. 511

Petillo, John J, Martin Zisblatt, Robert A Vukovich, Edward S Neiss, Alan Schocket and Gordon L Sussman: Inhibition of compound 48/80 induced mediator release following oral administratin of tiaramide hydrochloride in normal subjects. 367

Petrosko, Joseph, John Karibo, Betty Lindsey, James McLoughlin, Michael Nall and Barbara Isaacs: The relationship of allergies and allergy treatment to school performance and student behavior. 506

Phagocytic cell and its disorders, The. (review article) Robert Roberts and John I Gallin. 330

Pharmacologic management of food intolerance in adults, Dietary and. (Milan symposium) Carlo Zanussi, Claudio Ortolani and Elide Pastorello. 307

Plats-Mills, T A E, F Carswell, Jean Clark and Pat Robinson: The dose of house dust mite antigen (P_1) inhaled by infants aged one month. (a communication from England) 539

Pneumonia in a nine-month-old boy, Persistent. (clinical allergy-immunology rounds) Michael D Darden and Shelby H Josephs. 11

Pneumothorax as a complication of acupuncture in the treatment of bronchial asthma. (a communication from Israel) G Bodner, M Topilsky and J Greif. 401

Polyposis, Primary nasal. Robert L Jacobs, Angelo J Freda and William G Culver. 500

Predictive value of cord serum IgE determination in the development of "early-onset" atopy. (Milan symposium) Jean Bousquet, Jean-Luc Menardo, Jean-Louis Viala and Francois-Bernard Michel. 291

Preliminary report on the effects of tiaramide on the ice cube test in patients with idiopathic cold urticaria. John J Petillo, Robert A Vukovich, Edward S Neiss and Allen P Kaplan. 511

Prevention of atopic allergic disease. (Milan Symposium) J F Soothill. 229

Prevention of atopic disease in "at-risk newborns" by prolonged breast-feeding. (Milan symposium) L Businco, F Marchetti, G Pellegrini, A Cantani and R Perlini. 296

Prevention program, Current status of the clinical and immunologic consequences of a prototype allergic disease. (Milan symposium) Robert N Hamburger, Susan Heller, Michael H Mellon, Richard D O'Connor and Robert S Zeiger. 281

Primary nasal polyposis. Robert L Jacobs, Angelo J Freda and William G Culver. 500

Prince, Homer E, Warren J Raymer and George H Meyer: Airborne fungi—a resurvey. 26

Prostaglandins in the pathogenesis of food intolerance. (Milan Symposium) M H Lessof, J A Anderson and L J F Youlten. 249

Provocation of exercise-induced asthma, Duration of exercise in the. (a communication from Australia) Alan R Morton, Steven R Lawtence, Kenneth D Fitch and Allan G Hahn. 530

Provocation testing, Diagnostic procedures in allergy. II. Bronchial. (review article) Harold S Nelson. 488

Provost, Thomas T, Robert A Weiss, Herman S Mogavero Jr and Daniel R Synkowski: Diagnostic tests and clinical subsets in systemic lupus erythematosus: update 1983. (review article) 135

Pseudo-allergic reactions to drugs and chemicals. (Milan symposium) H D Schlumberger. 317

Pulmonary disease, Eisenmenger's syndrome complicated by severe. (clinical allergy-immunology rounds) Idris N Mohammad, Douglas C Heiner and George C Emmanouilides. 497

Pulmonary function and bronchial challenge testing in office and hospital practice. Gerd J A Cropp. 13

R

RAST and immediate reaction skin test, Value of food antigen specific IgE-. (Milan symposium) M I Sachs. 264
RAST. The diagnostic approach to immediate hypersensitivity in patients with allergic rhinitis; a comparison of nasal and challenges and serum. (a communication from The Netherlands) Z Pelikan. 395

Systemic immune response patterns in celiac disease, Mucosal and. (Milan Symposium) Helge Scott, Per Brandtzaeg, Erik Thorsby, Kare Baklien, Olav Fausa and Johan Ek. 233

T

Tay, J S H, H K Yap, W C L Yip, B W Lee, T F Ho, J Teo and S E Aw: The incidence of atopy in steroid-responsive nephrotic syndrome: clinical and immunological parameters. (a communication from Singapore) 590
T-cell mediated immunity in food allergy. (Milan Symposium) Anne Ferguson, Allan McI Mowat, Stephan Strobel and Ross StC Barnetson. 246
Tedeschi, A, E Leggieri, M Cottini, M Restuccia, C Bianchini and A Miadonna: Effect of verapamil on allergen-induced asthma in patients with respiratory allergy. (a communication from Italy) 201
Teo, J, S E Aw, J S H Tay, H K Yap, W C L Yip, B W Lee and T F Ho: The incidence of atopy in steroid-responsive nephrotic syndrome: clinical and immunological parameters. (a communication from Singapore) 590
Terbutaline sulfate and isoproterenol sulfate (metered dose aerosols) in the treatment of asthma. James P Kemp, H Alice Orgel, Eli O Meltzer and Michael J Welch. 436
Testing, Diagnostic procedures in allergy. II. Bronchial provocation. (review article) Harold S Nelson. 488
Thirteen-year-old black male with splenomegaly and interstitial pneumonia, A. (clinical allergy-immunology rounds) Russell W. Steele. 569
Thorsby, Erik, Kare Baklien, Olav Fausa, Johan Ek, Helge Scott and Per Brandtzaeg: Mucosal and systemic immune response patterns in celiac disease. (Milan Symposium) 233

Tiaramade hydrochloride in normal subjects, Inhibition of compound 48/80 induced mediator release following oral administration of. Gordon L Sussman, John J Petillo, Martin Zisblatt, Robert A. Vukovich, Edward S Neiss and Alan L Schocket. 367
Tiaramide on the ice cube test in patients with idiopathic cold urticaria, Preliminary report of the effects of. John J Petillo, Robert A Vukovich, Edward S Neiss and Allen P Kaplan. 511
Timmons, Benson E IV, Donald R Hoffman and Catherine L Wood: Allergens in hymenoptera venoms. X. Vespid venoms versus venom sac extracts: comparison by two-dimensional polyacrylamide gel electrophoresis. 441
Topilsky, M, J Greif and G Bodner: Pneumothorax as a complication of acupuncture in the treatment of bronchial asthma. (a communication from Israel) 401
Toxic adverse reactions to foodstuffs, Immunologic versus. (Milan symposium) Charles D May. 267
Treatment of the asthmatic mother during pregnancy and lactation, The. Sheldon L Spector. 173
Troleandomycin and methylprednisolone alone and in combination on bronchial sensitivity to methacholine, The effect of. W Pierre Andrade, Ronald L Renard and Harold S Nelson. 515
Tropics, Diagnosis of atopic conditions in the. (a communication from Venezuela) Neil R Lynch, Maria Christina Di Prisco-Fuenmayor and Jose M Soto. 547
Twarog, Frank J, Raif S Geha and Alan Harris: Chronic urticaria in childhood: natural course and etiology. 161

U

Ulcer and varioliform gastritis, Evidence for anaphylactic reactions in peptic. (Milan symposium) Claude Andre, Bruno Moulinier, Francoise Andre and Simone Daniere. 325
Unzeitig, Jane C, Warren Richards and Joseph A Church: Administration of metered-dose inhalers: comparison of open- and closed-mouth techniques in childhood asthmatics. 571
Urine, saliva and serum, RAST with animal dander. (a communication from The Netherlands) L Berrens, A G van Dijk, A Bollebakker-Baars and M Huizinga. 543
Urticaria in childhood: natural course and etiology, Chronic. Alan Harris, Frank J Twarog and Raif S Geha. 161
Urticaria, Preliminary report on the effects of tiaramide on the ice cube test in patients with idiopathic cold. John J Petillo, Robert A Vukovich, Edward S Neiss and Allen P Kaplan. 511

V

Value of food antigen specific IgE-RAST and immediate reaction skin test. (Milan symposium) M I Sachs. 264
van Dijk, A G, A Bollebakker-Baars, M Huizinga and L Berrens: RAST with animal dander, urine, saliva and serum. (a communication from The Netherlands) 543
Venoms. X. Vespid venoms versus venom sac extracts: comparison by two-dimensional polyacrylamide gel electrophoresis, Allergens in hymenoptera. Catherine L Wood, Benson E Timmons IV and Donald R Hoffman. 441
Verapamil on allergen-induced asthma in patients with respiratory allergy, Effect of. (a communication from Italy) A Miadonna, A Tedeschi, E Leggieri, M Cottini, M Restuccia and C Bianchini. 201
Verrucae vulgares, Atopic dermatitis in an infant complicated by generalized. (case report) Bernard L Lipman. 33
Vetter, Martha, Jack Friedmann, Carmen Sainz, Elliot Brunner and Zack H Haddad: Detection and kinetics of antigen-specific IgE and IgG immune complexes in food allergy. (Milan symposium) 255
Viala, Jean-Louis, Francois-Bernard Michel, Jean Bousquet and Jean-Luc Menardo: Predictive value of cord serum IgE determination in the development of "early-onset" atopy. (Milan symposium) 291
Vukovich, Robert A, Edward S Neiss, Allen P Kaplan and John J Petillo: Preliminary report on the effects of tiaramide on the ice cube test in patients with idiopathic cold urticaria. 511
Vukovich, Robert A, Edward S Neiss, Alan Schocket, Gordon L Sussman, John J Petillo and Martin Zisblatt: Inhibition of compound 48/80 induced mediator release following oral administration of tiaramide hydrochloride in normal subjects. 367
Wagner, Charles J, Richard E Danziger and Harold S Nelson: Relation between positive small air ions, weather fronts and pulmonary function in patients with bronchial asthma. 430
Walker, W Allen and Kurt J Bloch: Gastrointestinal transport of macromolecules in the pathogenesis of food allergy. (Milan Symposium) 240
Watase, T, M Okuda, H Ohtsuka and K Sakaguchi: Nasal histamine sensitivity in allergic rhinitis. (a communication from Japan) 51
Weight loss, Case review: eleven-year-old female with cough, progressive dyspnea and profound. (clinical allergy-immunology rounds) Susan G Marshal and C Warren Bierman. 421
Welch, Michael J, James P Kemp, H Alice Orgel and Eli O Meltzer: Terbutaline sulfate and sioproterenol sulfate (metered dose aerosols) in the treatment of asthma. 436
Welcome address. Carlo Zanussi. 219
Weiss, Robert A, Herman S Mogavero Jr, Daniel R Synkowski and Thomas T Provost: Diagnostic tests and clinical subsets in systemic lupus erythematosus: update 1983. (review article) 135
Wittner, Richard, Alain L DeWeck, Douglas C Heiner, Stanley Galant and Eliezer Nussbaum: Increased

IgD milk antibody responses in a patient with Down's syndrome, pulmonary hemosidersosis and cor pulmonale. (case report) 446
Williams, Russell I Jr: Chamber assisted inhalant treatment (CAIR). 371
Wood, Catherine L, Benson E Timmons IV and Donald R Hoffman: Allergens in hymenoptera venoms. X. Vespid venoms versus venom sac extracts: comparison by two-dimensional polyacrylamide gel electrophoresis. 441
Wood, Catherine L, Benson E Timmons IV and Donald R Hoffman: Allergens in hymenoptera venoms. X. Vespid venoms versus venom sac extracts: comparison by two-dimensional polyacrylamide gel electrophoresis. 441
Workplace. Challenge testing with occupational agents, Bronchopulmonary disease in the. David J Hendrick. 179

Y

Yap, H K, W C L Yip, B W Lee, T F Ho, J Teo, S E Aw and J S H Tay: The incidence of atopy in steroid-responsive nephrotic syndrome: clinical and immunological parameters. (a communication from Singapore) 590
Yip, W C L, B W Lee, T F Ho, J Teo, S E Aw, J S H Tay and H K Yap: The incidence of atopy in steroid-responsive nephrotic syndrome: clinical and immunological parameters. (a communication from Singapore) 590
Youlten, L J F, M H Lessof and J A Anderson: Prostaglandins in the pathogenesis of food intolerance. (Milan Symposium) 249

Z

Zanussi, Carlo, Claudio Ortolani and Elide Pastorello: Dietary and pharmacologic management of food intolerance in adults. (Milan symposium) 307
Zeiger, Robert S, Robert N Hamburger, Susan Heller, Michael H Mellon and Richard D O'Conner: Current status of the clinical and immunologic consequences of a prototype allergic disease prevention program. (Milan symposium) 281
Zisblatt, Martin, Robert A Vukovich, Edward S Neiss, Alan Schocket, Gordon L Sussman and John J Petillo: Inhibition of compound 48/80 induced mediator release following oral administration of tiaramide hydrochloride in normal subjects. 367
Znussi, Carlo: Welcome address. (Milan Symposium) 219
